Test Cases: Swag Labs Web Shop

Document ID	TC-SL-001
Related plan	TP-SL-001
Author	Davit Jikurashvili
Date	17 October 2026
Default precondition	Browser open at https://www.saucedemo.com; password for every account is `secret_sauce`

Priority: P1 = critical path / smoke, P2 = important, P3 = nice to have. **Type:** F = functional, N = negative, UI = visual, NF = non-functional. **Auto:** ✅ = automated in the Playwright suite (each test title starts with the TC IDs it covers). Cases without ✅ are not in the regression suite; in this cycle they were executed with `scripts/execute-manual-cases.js`.

---

1. Authentication

ID	Title	Pre-conditions	Steps	Expected result	Pri	Type	Auto
TC-001	Login with valid credentials	On login page	1. Enter `standard_user` 2. Enter `secret_sauce` 3. Click **Login**	Products page opens (`/inventory.html`) with 6 products	P1	F	✅
TC-002	Locked-out user cannot log in	On login page	1. Enter `locked_out_user` / `secret_sauce` 2. Click **Login**	Error: "Epic sadface: Sorry, this user has been locked out." User stays on login page	P1	N	✅
TC-003	Wrong password is rejected	On login page	1. Enter `standard_user` / `wrong` 2. Click **Login**	Error: "Username and password do not match any user in this service"	P1	N	✅
TC-004	Username is required	On login page	1. Leave username empty 2. Enter password 3. Click **Login**	Error: "Username is required"	P2	N	✅
TC-005	Password is required	On login page	1. Enter username 2. Leave password empty 3. Click **Login**	Error: "Password is required"	P2	N	✅
TC-006	Error message can be closed	TC-003 error is shown	1. Click **X** on the error	Error disappears; red field markers are cleared	P3	UI	
TC-007	Protected page requires login	Not logged in	1. Open `/inventory.html` directly	Redirect to login with error "You can only access '/inventory.html' when you are logged in."	P1	N	✅
TC-008	Logout ends the session	Logged in	1. Open menu ☰ 2. Click **Logout** 3. Press browser **Back**	Login page shown; Back does not return to products	P2	F	

ID	Title	Pre-conditions	Steps	Expected result	Pri	Type	Auto
TC-009	Password field is masked	On login page	1. Type a password	Characters shown as dots	P3	UI	

2. Product catalogue

ID	Title	Pre-conditions	Steps	Expected result	Pri	Type	Auto
TC-010	Product list shows all products	Logged in	1. Look at the products page	6 products, each with a unique image, name, description, price and **Add to cart** button	P1	F	✅
TC-011	Product images match product	Logged in	1. Compare each image with its product name	Every image shows the correct product; no placeholder or duplicate images	P2	UI	
TC-012	Prices are correct and well formatted	Logged in	1. Read each price	Prices: Backpack $29.99, Bike Light $9.99, Bolt T-Shirt $15.99, Fleece Jacket $49.99, Onesie $7.99, Red T-Shirt $15.99; always 2 decimals	P1	F	
TC-013	Sort by Name (Z to A)	Logged in	1. Select **Name (Z to A)**	Products in reverse alphabetical order	P2	F	✅
TC-014	Sort by Price (low to high)	Logged in	1. Select **Price (low to high)**	Prices in ascending order ($7.99 first)	P2	F	✅
TC-015	Sort by Price (high to low)	Logged in	1. Select **Price (high to low)**	Prices in descending order ($49.99 first)	P2	F	✅
TC-016	Open product details	Logged in	1. Click the name **Sauce Labs Backpack**	Detail page of *Sauce Labs Backpack* with the same name, price and image	P2	F	
TC-017	Back from product details	On a detail page	1. Click **Back to products**	Products page shown; cart kept	P3	F	

3. Cart

ID	Title	Pre-conditions	Steps	Expected result	Pri	Type	Auto
TC-018	Add one product to cart	Logged in, cart empty	1. Click **Add to cart** on Backpack	Button changes to **Remove**; cart badge shows 1	P1	F	✅
TC-019	Add every product to cart	Logged in, cart empty	1. Click **Add to cart** on all 6 products	All buttons change to **Remove**; badge shows 6	P2	F	
TC-020	Remove product from products page	2 items in cart	1. Click **Remove** on one product	Button changes back to **Add to cart**; badge shows 1	P1	F	✅
TC-021	Remove product from cart page	Item in cart	1. Open cart 2. Click **Remove**	Item disappears from cart; badge updates or hides	P2	F	
TC-022	Cart page lists the selected items	2 items added	1. Click cart icon	Both items listed with quantity 1, name and price	P1	F	✅

ID	Title	Pre-conditions	Steps	Expected result	Pri	Type	Auto
TC-023	Cart survives page reload	Item in cart	1. Reload page	Badge and cart contents unchanged	P3	F	
TC-024	Continue shopping from cart	On cart page	1. Click **Continue Shopping**	Products page shown; cart unchanged	P3	F	

4. Checkout

ID	Title	Pre-conditions	Steps	Expected result	Pri	Type	Auto
TC-025	Complete purchase end to end	2 items in cart	1. Cart → **Checkout** 2. Enter Davit / Tester / 0179 → **Continue** 3. **Finish**	"Thank you for your order!" page; cart badge cleared	P1	F	✅
TC-026	First name is required	Checkout step 1	1. Leave all fields empty 2. **Continue**	Error: "First Name is required"	P2	N	✅
TC-027	Last name is required	First name filled	1. Leave last name empty 2. **Continue**	Error: "Last Name is required"	P2	N	✅
TC-028	Postal code is required	First and last name filled	1. Leave postal code empty 2. **Continue**	Error: "Postal Code is required"	P2	N	✅
TC-029	Form fields keep the typed values	Checkout step 1	1. Type (key by key) Davit, Tester, 0179 into first name, last name and postal code	Each field shows exactly what was typed in that field	P1	F	
TC-030	Order total is calculated correctly	Backpack + Bike Light in cart, on step 2	1. Read item total, tax and total	Item total $39.98; tax $3.20 (8%); total = item total + tax = $43.18	P1	F	✅
TC-031	Cancel from order overview	On step 2	1. Click **Cancel**	Products page shown; cart kept	P3	F	
TC-032	Back Home after order	Order complete	1. Click **Back Home**	Products page shown; cart is empty	P3	F	

5. Non-functional (light)

ID	Title	Pre-conditions	Steps	Expected result	Pri	Type	Auto
TC-033	Login response time	On login page, site already loaded once	1. Log in and measure from clicking **Login** until the first product card is shown	Products page within 2 seconds	P2	NF	
TC-034	Products page layout is consistent	Logged in, window 1280×800	1. Check the position of the cart icon, product titles and **Add to cart** buttons	Cart icon inside the header, not overlapping the sort dropdown; all product titles left-aligned; every **Add to cart** button at the same position in its card	P3	UI	
TC-035	No JavaScript errors during purchase	DevTools console open	1. Run TC-025	No uncaught JavaScript errors in the console	P2	NF	

Traceability matrix

Requirement	Description	Test cases
REQ-01	Registered users can log in; invalid or locked accounts are refused	TC-001 – TC-006, TC-009
REQ-02	Pages behind login are protected; logout ends the session	TC-007, TC-008
REQ-03	The catalogue shows correct product data	TC-010 – TC-012, TC-016, TC-017
REQ-04	Users can sort products by name and price	TC-013 – TC-015
REQ-05	Users can add and remove products and see the cart	TC-018 – TC-024
REQ-06	Checkout validates customer data	TC-026 – TC-029
REQ-07	Order totals are correct and the order can be completed	TC-025, TC-030 – TC-032
REQ-08	The app is responsive, visually consistent and error-free	TC-033 – TC-035

Coverage: 35 test cases across 8 requirements; every requirement has at least one test case. 18 of 35 (51%) are automated:
